

## Native Plant List Requirements for RPBCWD Stewardship Grant Applications

Applications for projects that require native plants (native plant garden, habitat or shoreline restoration, and waterbody buffer projects) need to provide detailed native plant information. At minimum, the native plant list you submit with your grant application should include the following:

- **Native plant source/supplier/vendor** - We want to make sure the plant source you're using is reputable.
- **Scientific plant name** - This is the Latin name including genus and species. For example, *Asclepias tuberosa* is the scientific name for Butterfly Milkweed. However, some people may call it by another common name such as Butterfly Weed or Orange Milkweed, which is why we want the scientific name.
- **Quantity proposed for each species** - Are you proposing to plant one or six of an individual species? We realize availability of your proposed list may vary, but don't worry -- we'll allow substitutions and quantity adjustments if you ask us.
- **Season of bloom** - So the habitat value of your project is maximized, we require at least three different blooming species for spring, summer, and fall. Native plant nursery websites, catalogs, or plant labels will include bloom time. You can also look up plants on [Minnesota Wildflowers](http://MinnesotaWildflowers.org).

### EXAMPLE PLANT LIST

Name of Native Plant Supplier(s): \_\_\_\_\_

COMMON NAME	SCIENTIFIC NAME	QUANTITY	BLOOM TIME
Blue False Indigo	<i>Baptisia australis</i>	6	Spring
Ohio Spiderwort	<i>Tradescantia ohiensis</i>	6	Spring
Bitternut Hickory	<i>Carya cordiformis</i>	1	Spring
Leadplant	<i>Amorpha canescens</i>	6	Summer
Showy Milkweed	<i>Asclepias speciosa</i>	9	Summer
Bush Honeysuckle	<i>Diervilla lonicera</i>	3	Summer
Meadow Blazing Star	<i>Liatris ligulistylis</i>	6	Fall
Showy Goldenrod	<i>Solidago speciosa</i>	6	Fall
Sky Blue Aster	<i>Symphyotrichum oolentangiense</i>	6	Fall

### DETAILED COST ESTIMATE

Your native plant supplier's website/catalog should have cost information you need to provide for your detailed estimate.  
If an estimate includes the scientific name and bloom time, then you can use this as your plant list too!

Name of Native Plant Supplier(s): \_\_\_\_\_

COMMON NAME	SCIENTIFIC NAME	BLOOM TIME	Size Description	Cost each	Quantity	Cost
Blue False Indigo	<i>Baptisia australis</i>	Spring	6-pack plugs	\$ 18.00	6	\$ 108.00
Ohio Spiderwort	<i>Tradescantia ohiensis</i>	Spring	3-in. pot	\$ 3.99	6	\$23.94
Bitternut Hickory	<i>Carya cordiformis</i>	Spring	#5 cont.	\$40.00	1	\$ 40.00
Leadplant	<i>Amorpha canescens</i>	Summer	3-in. pot	\$ 3.99	6	\$23.94
Showy Milkweed	<i>Asclepias speciosa</i>	Summer	9-pack plugs	\$ 22.50	4	\$ 90.00
Bush Honeysuckle	<i>Diervilla lonicera</i>	Summer	#3 cont.	\$ 12.99	3	\$ 38.97
Meadow Blazing Star	<i>Liatris ligulistylis</i>	Fall	3-in. pot	\$ 3.99	6	\$23.94
Showy Goldenrod	<i>Solidago speciosa</i>	Fall	3-in. pot	\$ 3.99	6	\$23.94
Sky Blue Aster	<i>Symphyotrichum oolentangiense</i>	Fall	3-in. pot	\$ 3.99	6	\$23.94
TOTAL COST						\$ 396.67
